

# We're open to new residents

We're excited to welcome new residents  
into our homes and can't wait to meet you

Residential, nursing and  
dementia care homes

**SUNRISE**  
SENIOR LIVING

# Over 90% of our Sunrise care homes have been rated Good or Outstanding by the CQC

We want to reassure you that our dedicated teams are working tirelessly to keep our residents safe and to look after not only their physical but their mental wellbeing. The health and safety of our residents continues to be of the utmost importance to us at Sunrise. Here is what you can expect when you join us:

Comprehensive Infection Control procedures for all our visitors and team members

PPE available for all team members and visitors upon arrival

Full schedule of daily activities for all residents including socially distanced dining and entertainers in our gardens

Supportive and creative means of family visits safely and maintaining contact with the outside world

A safe move-in process using a two test approach to minimise risk of infection

Regular testing of residents and team members with reliable tracking of results

Monitoring of local infection rates to enable us to understand changes and plan accordingly

*“The staff at Sunrise have always been the most caring and lovely group of people, none more so than now. Nothing is too much trouble for them and their love and devotion, has been beyond inspirational.”*

Daughter of resident  
at Sunrise care home
